CONTRIBUTORS: BIOGRAPHICAL NOTES

Number 1, page 95; number 2, page 192; number 3, page 287; number 4, page 381.

about a provocative book:

Andreas: HENRY JAMES and the EXPANDING HORIZON

". . . provocative introduction . . . suggestive interpretation, . . . He presents in a convincing way a compact, logical development of the thesis. . . .

". . . the reader is forced to recognize the cogency of the argument as it is developed, and to admire the beautiful structure of the author's thought. He has given us a well organized guide to reading James and has stimulated our thinking. . . ."—Lee E. Cannon, *Christian Century*

". . . notable contribution to our understanding. . . . an extremely sensible interpretation of *The Turn of the Screw*. . . ."—Albert Frank Gegenheimer, *Arizona Quarterly*

". . . His findings . . . are after all downright discoveries."—John Lucas, *Furioso*

". . . he (Andreas) belongs to the minority that has read at length. . . . it has nevertheless not prevented Mr. Andreas from coming nearer to the heart of the novelist's work than most of the 'intuitive' critics. . . ."—Leon Edel, *American Literature*

"Mr. Andreas is an amateur critic of rare perspicuity and judgment. . . ."—*Nineteenth-Century Fiction*

"His book, as this summary suggests, is unmitigated trash. . . .

"The synopses themselves . . . are almost obscenely inept. . . .

"A series of reductive plot synopses . . . organized into schematic, slipshod, and meaningless categories. . . .

"The height of something is probably reached in Andreas' monstrous exaggeration of Edmund Wilson's cockeyed reading of *The Turn of the Screw*. . . .

"Even if Andreas had understood the plots and paraphrased them well, he would be no nearer James's serious concerns. . . .

"An incompetent and ridiculous work. . . ."—Stanley Edgar Hyman, *Hudson Review*

an opinion **about this compact and controversial book is fast becoming mandatory in literary and critical groups**
